ACCOUNTING • QUICKBOOKS SERVICES OUTSOURCED PAYROLL

WHAT ARE THE BENEFITS OF OUTSOURCING ACCOUNTING, BOOKKEEPING, AND PAYROLL SERVICES?

The top reasons companies outsource their accounting and bookkeeping are expertise, accuracy, consistent reconciliation, focus on core business activities, fraud prevention, and cost effectiveness. Outsourcing allows business owners to focus on running their business better, grow faster, and make more money. Having trained eyes on your finances at all times can bring considerable peace of mind as well as the confidence needed to make intelligent financial decisions.

DO YOU OFFER FULL-SERVICE PAYROLL SERVICES?

Yes we do! We set up all of your payroll tax accounts, payroll items, and obtain all of the required documentation from employees. We process your payroll, payroll taxes, Quarterly Payroll Tax Returns, Annual Tax Returns, W2s, 1099s, and handle your Workers Compensation Audits. You can rest assured that all of your payroll taxes are paid timely and all required filings are completed.

I AM A BUSINESS OWNER, AND I ALREADY HAVE A BOOKKEEPER AND A CPA. HOW DOES MY BUSINESS FIT INTO WHAT YOU OFFER?

We provide a checks and balances system for your day-to-day operations and transactions that your CPA may only review once a year. We will work with your current bookkeeper to make your accounting operations run smoother. Adding our services may also prevent the need to hire additional full-time employees and incur additional payroll expenses.

We will reconcile your accounts and prepare financial reports and ensure that you are prepared for a seamless tax season. We work with your CPA and provide them with a clean set of books, so that he/she can utilize their time to get you the best tax benefits.

Our part-time CFO services can help you gain a better understanding of the financial side of your business with improved quality and timeliness of financial information. We can also prepare budgets and monitor the results with

Budget to Actual comparisons. Our CFO services can be provided on-site or virtually.
